**Tel: 0208 830 3011**  
**Fax: 0208 830 3968**

Rail-borne limestone  
from Torr Quarry  
delivered direct to plant.

# London's largest supplier of ready-mixed concrete.

London Concrete offer a network of 12 state-of-the-art production units that incorporate the latest advancements in plant & materials technology to ensure the highest standard in concrete quality.

Our integrated supply network and highly experienced management team makes us the supplier of choice for the full range of readymix concrete products including high early / ultimate strength, spray concrete, self compacting, heavyweight, lightweight and coloured concrete.

All plants have computerised autographic batching systems, hot water facilities, cold weather protection and collect facilities available.

We operate a London-wide fleet of more than 120 FORS accredited truck mixers. All aggregates are supplied to the concrete batching plants either by rail or through an on-site quarry, offering environmental benefits and reducing lorry movements on London's congested road network.

As an Aggregate Industries business, we benefit from the resources and capabilities of a national, highly skilled research and development team, and the financial and global business strength of its holding company Lafarge Holcim, the worlds largest cement producer.

**The company is certified to ISO 9001, ISO 18001, OHSAS 14001 and BES 6001.**
